

MERIDIAND[®]

A Meridiano nasceu da vontade de fazer móveis com diferencial de design e que aproveitassem o máximo potencial da madeira de descartes. Hoje são mais de 10 anos que Isabel e Eduardo Ferrarini estão a frente da indústria transformando o mercado brasileiro com complementos de alta qualidade.

"A Meridiano Móveis é um marco em nossa trajetória, um ponto de virada que transformou sonhos em realidade. Assim como o Meridiano de Greenwich define todos os outros meridianos e divide o globo, a **Meridiano Móveis** marca o início de uma nova era para nós. É o ponto de referência a partir do qual criamos e realizamos nossas visões, trazendo para você móveis que refletem nossa paixão e compromisso com a excelência. Cada peça é um símbolo de localização e tempo, conectando nossa história à sua."
